SUBJECT: Motion Opposition to Dismissal

My son Jan Andrés is 24 years old and his condition is Down Syndrome. During his student years he suffered damages for repeated and constant non-compliance by Department of Education under the Federal IDEA Law.

For years he did not receive related services (therapies), reasonable accommodations, technological assistance teams, among others.

In the original claim, a fixed fee of \$100,000.00 was established for damages caused by the Department of Education, in the breach of duty established by the Federal IDEA Law.

For this reason, I reiterate my opposition to the dismissal of this application.

Sincerely,

Janice Oliveras Rivera
